

TUITION, BOOKS, AND FEES

The following Tuition and Fee charges are per semester for the academic year; the tuition and fees are subject to annual review and ECPI reserves the right to make changes in tuition, fees, and curriculum. Per ECPI University’s **Fixed Tuition Pledge**, students who remain continuously enrolled or meet the qualifications outlined in the readmission procedures, will have their tuition rates locked in at the rate upon enrollment until they graduate. Program changes or additional programs will be subject to any tuition rate changes and then locked for that program. External benefits, such as those available through the Veterans Administration and employer reimbursement can be utilized in conjunction with the Fixed Tuition Pledge. The Fixed Tuition Pledge applies to the tuition charges and includes the Learning Resource Fee.

*Programs offered at the Northern Virginia campus are an additional \$228 per semester

To complete the program requirements in a timely manner, students must carry a minimum load of 12 semester credit hours and a maximum of 18 semester credit hours per semester. This course load is considered full time. Students who take an academic overload consisting of more than two courses in a term may reduce their eligibility for financial aid assistance in future semesters, which may result in greater out-of-pocket expenses. There will be an additional charge in the semester that an overload is taken if the student takes more than 18 credits. Therefore, each student is responsible for checking with the Financial Aid office to determine the impact of schedule changes.

Overload tuition charge calculation: Semester cost / 18 = per credit cost x the number of credits over 18 credits

Veterans and Active Duty

Students who are receiving benefits under the Veteran’s Administration or Military Tuition Assistance programs are charged per credit hour. This is calculated by dividing the above Full Time tuition by 12 credits, and billed up to a maximum of 12 credits in a semester so to not exceed the maximum Full Time Semester charge. Students who attend a Semester at a less than Full Time rate are charged the Semester rate divided by the minimum number of credits applicable for that enrollment status [nine (9) for Three-Quarter time, six (6) for Half Time, three (3) for Quarter time]. The charge per credit amount is the same and will not exceed the maximum charge for that semester based on enrollment status with the exception that overload charges will apply as indicated above. Please see the VA/TA coordinator for assistance with these benefits.

¹ All students attend ECPI on a full time basis, unless an exception is approved by a campus official.

² As a result of the ECPI University GREEN commitment and to provide the best value in education resources, ECPI University has implemented textbook recycling and extensive use of electronic textbooks. Students may be allowed to keep textbooks for their core courses and required concentration courses, or retain the electronic version for an extended period when an e-book is utilized. All other textbooks are available for purchase at cost, if desired. Most courses have online resources available, and many courses utilize mobile computing technology. If a mobile device is unintentionally damaged and not lost/stolen, it may be repaired one time while enrolled at ECPI without additional charge. Additional incidents or loss will incur actual repair or replacement cost. Students will be charged for any learning resources not returned within two weeks of when a return is required. **A STUDENT MAY OPT OUT OF THE LEARNING RESOURCE FEE AND ACQUIRE TEXTBOOKS AND OTHER LEARNING RESOURCES ON THEIR OWN.** While this fee allows students to take advantage of heavily discounted and subsidized learning resources, including use of textbooks that ECPI University has arranged with publishers below market rates and available to you at the start of each term, federal regulations require that you be allowed to acquire books and supplies from other sources. Please notify the financial assistance department by the seventh day of classes if you wish to opt out of this fee, or the method in which these resources are provided, and acquire all learning resources and textbooks on your own. This fee will be pro-rated for persons scheduled for only a portion of a semester.
